BY REVIEW LEASED WIRE

NEW YORK, June 17.—There was little in today's short and dull session to justify extended or specific comment. Prices of leading stocks receded from substantial fraction to a point, under the adverse influence of the Mexican and railroad labor situations, while certain specialties, notably Mexican Petroleum, New York Air-brake, General Electric, Pressed Steel Car and several of the motors were lower by two to three points. Partial recoveries from these levels occurred before the close, but the undertone was inclined to heaviness.

Total sales of stocks amounted to only 229,000 shares. Inflow of gold from Canada amounted to \$4,000,000, bringing the total to \$61,500,000. Prices of various processes off.

A narrow and irregular tone ruled in the bond market with further recedes, following the tendency of industrial iron and steel are inclined to movement from across the border up due to offerings of the Anglo-French issue, which made slight recovery. Total sales of bonds, par value, \$1,000,000. United States 4's and Panama 3's declined 1/4 per cent on call during the week.

METAL MARKET.

NEW YORK, June 17.—Copper electrolytic, October and later, 29.00 at 29.50. Bar silver, 63 1/2.

CHICAGO GRAINS.

CHICAGO, June 17.—Pressure from the new crop resulted today in the wheat market falling to virtually 1/4 a bushel. Prices closed unsettled, 1/2c down with July \$1.00, and September \$1.02 1/2. Corn lost 1/4 to 1/2 at 1/2, and oats 1/4 to 1/2 at 1/2. In provisions the outcome ranged from 5c decline to a rise of 10c. Bears ruled the wheat pit, throughout the session. Holders could discern no relief in sight from Europe and gave evidence of anxiety that country dealers were asking for bids on new wheat. Harvesting in Kansas, which was scheduled to begin early next week had much to do with the prevailing

fact that heading of wheat would develop unwieldy volume. Corn seized with wheat. Bearish factors included favorable weather and enlarged rural offerings. Excellent field conditions weakened oats. A good-sized decrease in stocks next week, however, was looked for. Reports that the Belgian relief commission was actively buying lard and meats rallied the provision market. At first, the prices on hogs had a depressing effect.
